Gorham Bridge Account 3,929 30

Total expenditures \$16,502 45

The repair work on our bridges and highways made necessary by the flood of November 1927, is now completed, with the exception of a little additional work on the Powers Hill road and on the approach to the Gorham Bridge. This bridge is now back in place. Repairs to it included a new floor and roof. A new floor was also laid in the Double Road Bridge.

During the year, we received from the state as Flood Repair Aid an amount of \$9,753.11 and we have additional claims unpaid to the amount of \$5,008.85.

The culvert carrying surface drainage from the Garden of Eden was extended to the east end of Meadow Street. This necessitated the laying of 500 feet of 18 in. concrete pipe.

Due to the many flood repair expenditures, no new sidewalk construction was undertaken during 1928. However, the sum of \$370 94 was spent on sidewalk repairs, nearly all of which was in the Village Square.

The permanent highway work was limited to installing additional surface drainage at the Village Square and improving a section of the Florence Road.

The Treasurer's Books show that we closed the year with an unexpended balance of \$12,824.25 in the General account, an unexpended balance of \$2,464.28 in the Permanent Highway account, and a deficit of \$3,917 94 in the Highway account. There are however, unpaid outstanding orders against the General Account, amounting to \$17,263.60. This makes the net book balance a deficit of \$5,893.01.

We have omitted in the Town report for this year to list in detail each of the various orders drawn by the Selectmen, Overseer of Poor, and Road Commissioner. These records are on file with the Town Treasurer and are available to any taxpayer for inspection.

RESURFACING

The Tarvia treated East road was given another light application of Tarvia B this season at a total cost of \$1,547.98 toward which the State paid \$600 00. The whole surface was treated this time and in an attempt to get better cover material crushed and screened gravel was used making the cost greater than before.

About 1½ miles of Selected Highway No. 2 was resurfaced with crushed gravel at a cost of \$2,213 00 toward which the State paid \$900.00, this making the full maximum allowance of \$1,500 00 from the State for resurfacing.

DUST LAYING

The application of Calcium Chloride was extended somewhat this season and all much traveled streets treated. \$760.17 was spent for materials and application toward which we received \$300.00 the maximum amount allowed by the State. \$212.94 additional is invested in chloride carried over.

UNSELECTED ROAD CONSTRUCTION

A bad section of road near the Daniel's farm on the West Road was fixed with the unselected money this season. Drainage was improved and the surface covered with crushed stone and gravel. Another short piece farther south on the same road was straightened and widened. A total of \$508.85 was expended toward which the State contributed \$260.47.

FLOOD REPAIRS

Seven Flood Repair jobs were handled through the General Highway Account amounting to \$7,599.86 in addition to the \$2,431.19 reported for 1927, or a total of \$10,031.05. This

amount has all been received from the State although \$277.94 was received after the treasurer's books were closed. There still remains some work to be done in certain places but all flood work under this account has now been closed with the State.

MISCELLANEOUS

Through agreement with the Selectmen it was decided to take advantage of the opportunity to use the crushing plant and trucks and resurface a number of the village streets which were in a badly worn out condition and to extend the resurfacing of selected roads. The hill leading into the Garden of Eden which was in very bad condition partly as a result of the heavy traffic it had to sustain following the flood was repaired by installing proper drainage and giving the surface a heavy coat of gravel. A total of \$3,953.36 was spent on the maintenance and repair of village streets and portions of unselected roads not reported elsewhere. Records were kept and claims entered for ten jobs more than the normal year's work most of which were for flood work and included some reported under the Selectmen's account.

There must be some curtailment in expenditures the coming season to make up for the deficit of the past two years. This should be easily possible unless something unforeseen happens.

D. R. MAHAFFY,
Road Commissioner.

AUDITORS' REPORT

We have examined the accounts and vouchers of the Selectmen, Road Commissioner, Overseer of the Poor and Treasurer of the Proctor Free Library, also the various accounts of the town Treasurer for the year ending January 31, 1929. We have checked all of the accounts and have satisfied ourselves that the same are correct in every particular. The financial condition of the town is as follows:

LIABILITIES

Selectmen's orders outstanding:

522	\$2,000 00
532	5,000 00
541	3,000 00
556	7,000 00

884	10 00
	<hr/>
	\$59 61

Deficit in General Highway Account	\$3,917 94
Total liabilities	\$21,181 54

RESOURCES

Uncollected 1928 taxes	\$15 52
Surplus in general account	12,824 25
	<hr/>
	\$12,839 77

Net liabilities January 31, 1929

\$8,341 77

In addition to the above there is a balance in the Permanent Highway Fund of \$2,464.28 which cannot be used for any but Highway purposes and cannot be classed as an asset in reduction of debt.

The net liabilities of the town show an increase over liabilities of January 31, 1928 of \$3,353 90, but the Selectmen estimate there is due from State Flood Funds \$4,766.80. If this sum is received the liabilities will show a net decrease of \$1,412.90.

Amount to be provided by town tax we estimate as follows:

For payment on temporary loan	\$1,500 00
Interest	300 00
Appropriation Proctor Free Library	2,200 00
Expenses of keeping the poor	3 500 00
Current expenses	2,600 00
Transfer to highway account	1,000 00
Flood repair	900 00
	<hr/>
	\$12,000 00

We recommend a tax of 40 per cent for town expenses, 25 percent for town highway, 10 percent state school tax, 5 percent state highway tax and such additional state taxes as may be provided by law.

C. W. SISCO.

REPORT OF HEALTH OFFICER

No widespread epidemic of contagious disease has occurred in Proctor during the period covered by this report.

In February and March the epidemic of mumps gradually subsided, with only scattered cases during the remainder of the year.

Chicken pox was prevalent in spring and early summer, and during the last half of the year only isolated cases of any contagious diseases appeared.

In common with other parts of the country we have suffered from an epidemic resembling in many respects the influenza of 1918. This disease is undoubtedly somewhat contagious, but as it has not been generally reported in Vermont as influenza it is only possible to estimate the number of cases in Proctor. Comparing the present epidemic with the one ten years ago, it would seem that there have been upwards of five hundred cases in the past ten weeks. This disease has been of a rather mild form, but has great possibilities of complications.

Of the communicable diseases reported there were 54 cases of mumps, 48 of chicken pox, 4 of measles, 2 of whooping cough, 4 of diphtheria, 3 of scarlet fever and 1 of erysipelas.
